To: Nia Nurmala

Dear Nia,

I would like to tell you about BBG, it's very interesting to visit, it near my house in Bogor.

Bogor Botanical Garden (BBG) is located in the centre of Bogor. It has the most complete tropical trees and is arranged the most beautifully in the world. The trees are planted according to their families.

BBG gives important contribution to sciences. As expected by Reinhardt, a botanist who wanted to establish the botanical garden, now it appears as the centre of important scientific research. Not only students and scientists, but also soldiers come here. Students and botanists from all over the world come to make scientific literature. Soldiers come to this garden to study the kinds of fruit, leaves, roots and trunks of trees that can be eaten when they held out in forests.

When you have time, please come here to walk around in BBG.
